Deputy Commrs Office
Bangalore 29th Decr: 74

To

The Commissioner
Mundy Darg Division

Sir

I submitting herewith the Correspondence in original noted in the margin, on the subject of annual supply of two — maunds of Sandalwood, by the Forest Department to the Magadi Rungaswamy temple, I have the honor to urge the following into your notice

2. The two maunds above referred to have been supplied as a part of the Government Tribute, the amount into which they are Commuted in the old Tribute putty is Rs. 8-12-10. The price of sandal was during varying from time

Extract: Commissioners' Diary No. 772 dated 15th November 1876

to the Mundy Collector

to him & the Chief Commissioner directed in 1873 that the amount by which the value of the two annas might at any time exceed Rs. 8-12-10 should be provided for in the Budget and debited from such provision. It is believed that the provision which was accordingly made in this office in the Estimates was in the course of the Budget in the Deputy Accountant General's Office, been merged in the provision for petty Repairs & Establishment and Repairs. A Bill for Rs 1-5-2 was submitted with this office Abstract No. 877 dated 20th December 1875 and passed on account of the said excess for 1874-75. The Bill was however drawn on the erroneous calculation for the Same at excess in Rs. 8-12-. For the difference of Rs. 3-6-10 I now submit a supplemental Bill and

that it may be
passed by Daniel.
3. For the future, I
request to be permitted
to desire the Assistant
Commissioners of Forests
to supply the Temple with
the annual quantity of
wood, and then to send
me a bill of charges sup-
ported by the Artificer's
receipt for adjustment,
while this would obviate
much correspondence
there seems no objection
to the Consul on the score
of cost, as the allowance
of the wood being to me
a recognized one, and so in-
dispensable that I do not
anticipate any contin-
gency in which the Chief
Commissioner would pro-
bably see fit to suspend
the alternative that the
Temple should do without
sandalwood.

Passing orders thereon

Proceedings of the Chief Commissioner of Mysore, Department of Revenue, Agriculture and Commerce (Forests), 17th July 1877.

READ Again—

Letter from the Commissioner, Nundydroog Division, No. 179, dated 20th January 1877, suggesting that the sandalwood required for the Magadi Ranganathaswami's temple be supplied annually by the Forest Department, forwarding for adjustment a bill of charges supported by the Amildar's receipt.

From the Conservator of Forests, Mysore, To the Offg. Secretary to the Chief Commissioner of Mysore, General Department, No. 777—75, dated Bangalore, 2nd July 1877.

In reply to your reference No. 909—77 of the 27th ultimo (despatched 29th) I have the honor to report for the information of the Chief Commissioner that I see no objection, as far as this department is concerned, for the settlement of the sums due by the Magadi Ranganathaswami temple for sandalwood supplied to it yearly, in the manner suggested by the Deputy Commissioner, Bangalore District. But to avoid any mistake, I would here report that by the Deputy Commissioner's words "I request to be permitted to desire the Assistant Conservator to supply the temple with the usual quantity of wood," I do not understand that the Forest Department is to send the wood to the temple, but merely as hitherto hand it over at the koti to the servants of the temple who may be duly authorized to receive it.

2. The Deputy Commissioner in his No. 1057 of 16th January 1877, to Commissioner of Nundydroog, says that, as the sandalwood in question is due for 1874-75, the rates which prevailed in that year should alone be adopted. I cannot agree with the Deputy Commissioner; if the temple authorities did not apply for their wood at the proper time, or if they applied in time but delay arose from any cause outside the Forest Department, I think they should be called upon to pay the rates fixed and in force at the time of issue of the wood. I am not aware what class of wood is issued to the temple. In the last revision of rates, some classes were raised, some lowered. The Forest Department may gain or lose by this rule, if enforced, but it is a good rule I think, and I would respectfully urge that it be enforced.

3. I trust that the Deputy Commissioner will direct the Amildar to furnish the receipt for the wood without delay in each case.

GENL. No. 1165 —REV.-F .112, DATED BANGALORE, 17TH JULY 1877.

ORDER THEREON.—The Chief Commissioner approves of the suggestion made by the Deputy Commissioner in para 3 of his letter No. 1057, dated 29th December 1876, submitted with the Commissioner's No. 179, dated 20th January last, subject to the modifications proposed by the Conservator in his letter above recorded.

2. The Chief Commissioner concurs with Captain Van Someren in the proposal that sandalwood supplied to the devasthan should be charged for according to the rates prevailing at the time of the issue of the wood. The charges will be defrayed from the surplus funds of the temple.
